CTSC KL2 CAREER DEVELOPMENT AWARD
APPLICATION INSTRUCTIONS
Documents or information that are missing or incomplete will disqualify application for review

Application Instructions and Checklist

1. To access your application please login to WebCAMP.

2. Click on “Protocol Authoring and Review”.

3. Under the “Abbreviated Title” column click on “Your KL2 Research Project Title” to access your application.

4. Links to required application sections (Trainee Application Form, Biosketch and Supporting Documents) are in the upper left hand side of the application page.

A. Trainee Application Form

1. Click on your current citizenship status to proceed.
   a. Personal and demographic information - A valid employer issued/institutional email is required.
   b. If you are not selected for the KL2 Award and wish to be considered for any of both the CTSC Education Programs please select from the list of programs proposed (please note, a letter of support from your department chair/division chief is required).
   c. Project Summary – Succinctly describe (250 word or less) your proposed project written in plain language so even a non-scientist can understand the importance of the project. Include the project’s broad, long-term objectives, specific aims, research design, methods, significance, and innovation.
   d. Multidisciplinary Integration – Succinctly describe (250 words or less) how a multidisciplinary approach is integrated into this proposal. A multidisciplinary approach is one that brings experts from biomedical or physical sciences with non-biological disciplines including biostatistics.
   e. Mentors - Click on [add] and fill in required information. All mentors must have active or recent peer-reviewed (federal or foundation) funding. Mentors cannot be listed on more than 2 active CTSC applications or current awards (including CTSC Seed Awards). Two mentors are required, but no more than 3 mentors can be named on an application. A Primary Mentor must be designated and each mentors’ role must be listed. Of the two proposed mentors:
      • One must be designated to serve as a Clinical research mentor and one a Basic Science or Public Health mentor.
      • At least 2 mentors, including the designated primary mentor, must be from different Weill Cornell CTSC partner institutions and from different disciplines. NIH definition of different disciplines will have priority (areas outside biology, e.g., computer science, imaging, chemistry, mathematics, informatics, engineering, behavioral science, health services/ outcomes research, and biostatistics). A mentor’s institution will be determined by their primary appointment.

### B. Biosketches

1. Upload individual PDF files for the applicant and mentors; note the [new NIH Biosketch format](#) is required for all key personnel.

### C. Supporting Documents – Please Upload Attachments as individual PDF files.

1. **Research Proposal**: Projects must have a translational or clinical research focus. Pre-clinical studies should have near-term potential to translate into patient-oriented research. Clinical Trials (phases I or II) are permitted. Emphasis is placed on drug discovery, targeted therapeutics, biomarker or device development and novel technologies; projects focusing on health needs of LGBTI and underserved populations and/or directly impacting health outcomes in the community; pediatric and women’s health studies; life course studies of disease; and studies incorporating biostatistical methodologies and design. Limited to **5 single-spaced** pages (at least ½ inch margins, no smaller than 11pt Arial font) to include:
   - Hypothesis and specific aims
   - Scientific background for the study, citing appropriate references of work in the area by the investigator(s) and others
   - Significance of the research (relating specific aims to future studies to be generated) and importance of funding to feasibility of the project
   - Research Plan (research team to be involved, experimental design, methods, statistics, timeline, innovation, human subjects and animal issues, if applicable)
   - References and supporting tables, figures, 2-3 additional pages
   - First Name, Last Name in the upper left hand corner

2. **Career Statement** (1 page or less) – Discuss your short and long-term goals and how this award would impact your career and professional development. Please include your First Name, Last Name in the upper left hand corner.

3. **Letters** - Must be addressed to “KL2 Admissions Committee”, on departmental letterhead, signed, and emailed directly from the department to [ctsc-education@med.cornell.edu](mailto:ctsc-education@med.cornell.edu):
   a. **Department Chair/Division Chief Letter**: Must indicate that the applicant will be guaranteed at least 75% protected time and effort, and the department understands that the sources of support for the 75% KL2 effort include the CTSC KL2 grant for amounts up to $80,000 per year (plus fringe benefits), and the department of the KL2 scholar is responsible for any remaining salary gap, as well as the remaining 25% of the scholar’s salary.
   b. **Mentors Letters**: Required from all mentors and the designated primary mentor’s letter must include a [mentoring plan](#) (click link for instructions).

4. **Proof of Legal Status**: Provide verification for legal status (scanned copies acceptable):
   - **US Citizen**: U.S. Passport, Birth Certificate, Certificate of Citizenship, or Naturalization Certificate
   - **Non-Citizen National**: a notary’s signed statement certifying that you have legal verification of such status
   - **Lawfully Admitted Permanent Resident**: Permanent Resident Card (USCIS Form I-551)

5. **Transcripts and Test Scores** – Upload digital copies of test scores and transcripts with the application submission. Upon award acceptance, official documents will be required in hardcopy. Test scores include: MCAT, GRE and TOEFL. Transcripts from Undergraduate, graduate and/or medical school.

### D. Submitting Your KL2 Application

1. Return to the “Application Status Page” (link in the upper left hand side of the page) and click on the blue “Submit Application” button.
2. If you do not see the “Submit Application”, please click on the “Run Detailed Completeness Check” link to find out what is still missing, complete the missing items and repeat “step 1”.

Page 3 of 4
REVIEW CRITERIA

Upon submission to the online application module ePAR, your application will undergo review based on several Application Review Criteria.

APPLICATION PROCESS & TIMELINE

Applications are due by 5pm on Thursday, January 31, 2019. Candidates will be notified by May 2019 of their applications final disposition. At that time, if selected for funding, the applicant will complete additional required regulatory and compliance documents within 30 days. Funding is contingent on submission of this information and failure to do so will result in disqualification. Upon submission of this additional information, the CTSC will prepare an award agreement. Once the award agreement is signed by the appropriate institutional business official(s), WCMC Grants and Contracts will review and sign the agreement and notify the CTSC that funding can be released.

BUDGET NOTES

- A budget is not due at the time of application
- KL2 Scholars cannot receive salary support from any other federal grant
- Items not allowed: 1) Capital or depreciable equipment over $2500; and 2) Computer hardware (laptops, desktops, etc)
- Only supplies of consumable nature that are directly related to the project are allowed
- Funding requests for travel and/or other supplies must be directly related to the project and clearly outlined in the budget justification
- Each year of funding is contingent on satisfactory participation in the CTSC KL2 activities, progress toward the scholar’s individual career goals, and continued support from the Scholar’s mentors and department.
- This is an institutional career development award granted to the CTSC at Weill Cornell Medicine, and it is non-transferable; scholars who leave the CTSC Consortium will not be able to continue receiving KL2 funding from the Weill Cornell CTSC.

For a fast start on spending your award funds:

No expenditures related to human subjects or animals will be permitted until the CTSC is provided with a copy of the official IRB/IACUC letter of approval. Investigators are strongly encouraged to submit IRB and/or IACUC protocols early in order to avoid significant delays in project initiation. Applicants must also be current on institutional compliance regulations.
